

Circle of Love Preschool Volunteer Health & Immunization Policy

New California Law:

Any parent wishing to stay beyond dropping their child off or picking them up would now be considered a volunteer. If you wish to participate in our preschool program longer than dropping off or picking up your child, please complete the opposite side of this form.

Using the 'cupcake analogy', if a parent is dropping cupcakes off to their child's classroom, they would not be considered a volunteer. However, if a parent stays in the classroom and assists in handing out the cupcakes, the parent then would be considered a volunteer and would need proof of immunization.

If parents, grandparents and others are 'observers' of an event (chapel services, special programs, etc.), they would not be considered volunteers. However, if parents are *engaged and interacting* with the children (assisting with costumes, assisting in lining up, serving snack, etc.), they would be classified as volunteers.

**Submit this form only if you plan to
volunteer for the school!**

PARENT VOLUNTEER HEALTH STATEMENT

Parent or Guardian Name

First Middle Last

Birthdate Email

Home Phone Cell

Street Address City Zip Code
